TO: All Implements of Husbandry (IOH) and Agricultural Commercial Motor Vehicle (CMV) Permit Holders

Please find enclosed a copy of the updated 2016 IOH and CMV permit application. I have also enclosed a town road map for use with all future applications. Use this map to highlight any road segments you plan to use under your permit and return it with your completed application. Additional copies are available upon request. You must specify which road segments you plan to use; examples written on the application such as "all roads" or "58th Road" with no additional detail will no longer be accepted. Please be aware that, beginning January 1, 2016 and until further notice, we will not enforce axle weight limits on Category B IOH and Category 1 CMV; we will only enforce the gross weight limits on those classes of equipment (Option F). Please contact me if you have any questions.

Sincerely,

Michael McKinney
