

I-94 North-South Freeway Reconstruction Update

As part of Wisconsin Department of Transportation's (WisDOT) I-94 North-South Freeway reconstruction project, the following upcoming project work and closures are scheduled for the next phase of this project.

Please note that all closures are weather dependent and subject to change.

Upcoming closures the week of July 9:

- WIS 11 between the frontage roads is scheduled to close to traffic overnight, Monday and Tuesday, July 9-10, from 9 p.m. to 5:30 a.m. for the I-94 WEST (NB) bridge demolition.

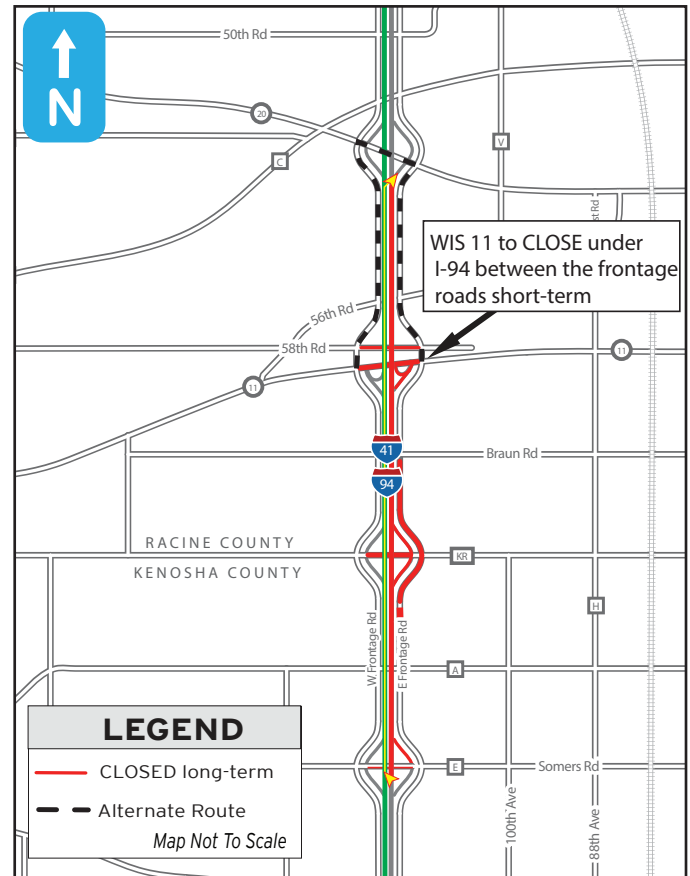

Alternate Route:

- Travelers can utilize WIS 20 and the frontage roads as alternate routes to get around the overnight full closures on WIS 11.

Businesses and residents should be aware that there will be noise and dust associated with the I-94 WEST (NB) bridge demolition. Steps will be taken to minimize these effects.

To learn more about the upcoming construction, closures, alternate routes and temporary business signing, or to receive project updates, please contact:
