PROFESSIONAL SERVICES AGREEMENT

This Professional Services Agreement, entered as of this ____ day of December, 2018, by and between Racine County (referred to as “County”) and the Village of Yorkville, a municipal corporation located within Racine County (hereinafter referred to as “Village”);

WITNESSETH:

WHEREAS, the Village requests that the county zoning and shoreland zoning ordinance, as it applies to the incorporated area within its boundaries, continue to be in effect and enforced by the County under sections 59.69, 59.692 and 59.693, Stats., as Village Zoning and Shoreland-Floodplain Zoning Ordinances.

WHEREAS, the County agrees to administer the Village’s zoning and shoreland-floodplain zoning ordinance under certain terms and conditions;

NOW THEREFORE, with mutual consideration, the parties agree as follows:

1. The County agrees to furnish floodplain, shoreland, wetland, planning and zoning professional services, to the Village as described in Appendix 1, attached hereto. The term of this Agreement shall be effective January 1, 2019 until December 31, 2019, however, no interruption in service will occur by the County if there is a gap in the timing of a new agreement, as long as there is a good faith effort to maintain this arrangement for the sake of continuous customer service for the Village. It is the intention of the parties that beginning on or about November 1, 2019, the parties will engage in good faith negotiations to agree on and approve an agreement for the continued provision of the services described in this Agreement beyond December 31, 2019. In the event such replacement agreement is not executed on or before December 31, 2019, this Agreement shall automatically renew to facilitate continued negotiations between the parties. After December 31, 2019, this Agreement shall be terminable by either party by providing not less than sixty (60) days written notice to the other party hereto.
2. The Racine County Public Works and Development Services Director shall have supervisory control over the personnel providing these services. The Director shall consider any requests or suggestions made by the Village, but the Director shall retain final authority to make the final decision as to the manner in which such services shall be rendered.
3. The County shall have the authority to enforce the Village zoning codes, including but not limited to, notices of zoning violation. In the event County staff deems it necessary to refer an enforcement action for citation, it will be referred to the Village. The County is not responsible for issuance of citations or prosecutions thereof. County staff shall cooperate with Village personnel in prosecuting zoning related violations including providing testimony in Municipal or Circuit Court as deemed necessary by the Village Prosecutor

without payment of witness fees or other costs.

4. The County shall continue to collect fees for review of any Village zoning permit applications, including fees for written responses to zoning or planning inquiries as structured under the County/Town zoning relationship in accordance with the adopted Schedule of Permit Fees, attached hereto as Appendix 2.
5. The total cost of services under this agreement will be a prorated amount based on an annual cost of \$50,000.00, to cover the cost of County professional and administrative staff services, including detailed memos and recommendations to sufficiently explain the application or request with background information. Fees for zoning permits shall be based on the schedule of permit fees attached hereto as Appendix 2 to offset the costs associated with providing the professional services.
6. The County will retain 100% of any and all permit revenues which exceed the \$50,000.00 annual contracted amount.
7. Village agrees to pay the County the difference for any shortfall in zoning permit revenues that are less than the \$50,000.00 annual contracted amount. An invoice for any shortfall in revenues will be sent to the Village no later than January 15, 2020. Payment to the County for any zoning permit revenue shortfall must be made no later than March 15, 2020.
8. This agreement does not include use of Racine County staff for updates of the Village Comprehensive Land Use Plan or comprehensive updates of the Village Zoning Ordinances (that are initiated by the Village).
9. This Professional Services Agreement constitutes the complete understanding of the parties and supersedes any and all other agreements, either oral or in writing, between the parties with respect to the subject matter hereof. No other agreement, statement, or promise relating to the subject matter of this Agreement which is not contained herein will be valid or binding. No amendment to this Agreement will be effective unless in writing and signed by both parties.
10. The Village and County each represents to the other that it has taken all necessary corporate action to authorize the execution and delivery of this Agreement.
11. If any part of this Agreement should be held to be void or unenforceable, such part will be treated as severable, leaving valid the remainder of this Agreement notwithstanding the part or parts found void or unenforceable.
12. The validity of this Agreement, the interpretation of the rights and duties of the parties hereunder and the construction of the terms hereof will be governed in accordance with the laws of the State of Wisconsin.

13. The County shall prepare a report showing year-to-date permits issued and other reviews completed, revenues collected, and staffing utilized for projects for the Village, up to three times per year upon request by the Village. The report will be in a form mutually agreed upon by the parties. Racine County shall also provide the Village with historical data detailing the level of work generated by the Village (and previously town) related permits/reviews for prior years.
14. Upon termination of this Agreement for any reason other than the execution of a replacement agreement as set forth in Section 1, above, the parties agree to cooperate in good faith and facilitate the transfer of information, files and revenues, as applicable, so as not to disrupt the provision of zoning related services to the public.

IN WITNESS WHEREOF, the County and the Village have executed this Professional Services Agreement as of the date first above written.
