Public Open House

WIS 11 Reconstruction (56th Road to IH 94/41 West Frontage Road)

The Wisconsin Department of Transportation (WisDOT) is hosting a public open house meeting on May 16, 2019 from 4 to 6 p.m. at the Union Grove Municipal Center (1st Floor), 925 15th Avenue, Union Grove. The purpose of the meeting is to provide an opportunity for the public to learn about the WIS 11 project and provide input as WisDOT begins to prepare design plans and conduct environmental studies for the project.

Project Overview

WisDOT is evaluating reconstruction of WIS 11 to the west of IH 94/41, between 56th Road and the IH 94/41 West Frontage Road (WFR) in the Village of Yorkville, Racine County. The proposed project would replace the existing two-lane roadway with a four-lane median divided roadway. As part of the project, WisDOT is also studying options to improve the WIS 11 intersections with 56th Road and Gehrand Court. The project would include stormwater facilities and culvert work, as needed.

Current Project Phase/Environmental Review

The current project phase includes the preparation of preliminary plans and an environmental review that will continue through 2019. The environmental review will discuss the project purpose and need, design alternatives and impacts. WisDOT will consider several factors before making a final decision on the project, including safety, mobility, compatibility with local plans, engineering design standards, environmental impacts, cost, and input from the public and state/federal review agencies.

Anticipated Project Schedule

PROJECT PHASE	2019				2020				2021			
	Winter	Spring	Summer	Fall	Winter	Spring	Summer	Fall	Winter	Spring	Summer	Fall
ENVIRONMENTAL												
DESIGN												
REAL ESTATE												
UTILITIES												
CONSTRUCTION
