Message from Central Racine County Health Department COVID-19 Updates

As we write this article, the COVID-19 pandemic remains a rapidly evolving and unprecedented public health crisis. Central Racine County Health Department (CRCHD) set up its Incident Command System (ICS) early in the pandemic and continues in this structure today. For Operations, as of October 8, CRCHD staff have reviewed 39,099 negative tests as well as investigated 2,626 confirmed and 285 probable cases, with more cases reported in September than any prior month. CRCHD has also performed contact tracing for 5,834 contacts to cases. The 2020 communicable disease workload compared to the same time-frame in 2019 is 40 times higher which shows the tremendous effort of staff to mitigate this pandemic. For Planning and Logistics, staff have been busy coordinating multiple National Guard testing missions, providing support for long-term care facilities, working on testing strategies for the fall, and beginning planning for a mass vaccination campaign. The Finance section continues work to support all the sections through administration of grant funds to address the pandemic. We thank the public for your help in slowing the spread of the disease. Wearing face coverings outside your home, maintaining social distance, not holding or attending large gatherings, staying home if sick or quarantined, and practicing good hygiene will help us continue to make strides in containing the virus and protecting our fellow community members. Everyone is part of the solution to addressing this unprecedented pandemic. For more local information, go to the CRCHD website at <https://crchd.com/covid-19>.

A Message to Village Residents about Dog Licensing

The Yorkville Village Board would like to encourage all dog-owning Village residents to license their dogs annually with the Village. Village of Yorkville Code of Ordinances Section 6-51 requires that all dogs five months of age and older be licensed annually. A first offense of failure to license a dog can result in a daily citation of \$124.00 until the dog is licensed, with a second offense resulting in a daily citation of \$187.00. Village ordinances only allow three dogs to be kept on each property; any number of dogs in excess of this, whether owned by the same or different individuals, requires a kennel license. Dog licenses for 2021 should be available by December 15 and are valid until December 31, 2021. Licenses are \$10.00 for neutered and spayed dogs and \$15.00 for unneutered and unspayed dogs. Applications received after the March 31, 2021 application deadline are subject to a \$5.00 late fee.

2020-2021 Village of Yorkville Tax Payments

All special assessment, personal property tax and first half real property tax payments are due in full to the Village of Yorkville by February 5, 2021, at 4:30 p.m. Payments must be in the Village's possession by that time to be considered timely. Only personal property tax payments will be accepted by the Village after that date. Any payment received by 4:30 p.m. on December 31, 2020, or postmarked by that date, will be recorded as a 2020 payment. Payments should be made out to "Village of Yorkville". Three options are available for these payments:

1. Pay in person at the Village Office, located in the northeast corner of the second floor of the Union Grove Municipal Center, 925 15th Avenue, Union Grove. Office hours are Monday through Friday, 8:00 a.m. to 4:30 p.m. The office will be closed on the following days: December 24 and 25, 2020, and January 1, 2021;
2. Mail your payment to the Village of Yorkville, 925 15th Avenue, Union Grove, Wisconsin 53182;
3. Drop your payment in the drop box located between the main entrance and the parking lot of the Union Grove Municipal Center, 925 15th Avenue, Union Grove.

The Village does not contract with an online payment service, so any payments made to an online payment service will not be accepted or recorded by the Village. Post-dated checks will not be accepted. Any special assessment or real property tax payments made after February 5, 2021, are due in full by July 31, 2021, to the Racine County Treasurer, 730 Wisconsin Avenue, Racine, Wisconsin 53403.

2020 Lottery and Gaming Credit

Do you qualify for the Lottery and Gaming Credit? This credit is available if you meet the following four criteria:

1. You are a resident of the State of Wisconsin; AND
2. You are the owner of the residential dwelling to which the credit would be applied; AND
3. You used that dwelling as your primary residence as of January 1, 2020 (a primary residence is where an individual lives for at least 6 months of the year); AND
4. You did not claim the Lottery and Gaming Credit for any other dwelling.

Rental units, business property, vacant land and garages do not qualify for the credit. The Lottery and Gaming Credit is reported on your tax bill between the First Dollar Credit and Net Tax amounts (just above the bill's payment vouchers). If you are eligible for the credit but did not receive it, you can apply for it at the Village Office until January 31, 2021. If you received the credit but you were not eligible for it, please apply at the Village Office to have it removed from your tax bill.

Village-Wide Reassessment Scheduled In 2021

An interim market reassessment has been scheduled for 2021. During an interim market reassessment, the assessor reviews and adjusts property assessments throughout the Village based on recent sales and market conditions. While an interior inspection is not necessary for most properties, the assessor may inspect properties due to recent improvements or on an as-needed basis to ensure accurate assessments.

The purpose of the reassessment is to ensure property assessments in Yorkville are keeping pace with market changes and to avoid more drastic adjustments to property assessments in the future. Yorkville's property assessments are currently on average about 13% below fair market (equalized) value. Please review your tax bill and note the "local assessed value" and the "estimated market value," which is determined by the Village's level of assessment. If assessments remain more than 10% below fair market value, the state can mandate a costly "full revaluation" of the Village (including interior inspections of all properties).

A common misconception about reassessments is that an increase in a property assessment leads directly to an increase in property taxes. This is not necessarily true in a reassessment year unless one's assessment has increased more in comparison to other properties in the taxing jurisdiction. For example, if the average assessment in the Village increases 10%, the owner of a property with an assessment increase of 10% would not see an increase in their share of taxes. A reassessment also does not change the total amount of taxes that the Village levies (which is capped by state-imposed levy limits).

Assessment notices will be sent out at the end of May 2021 with detailed information about Open Book reviews with the assessor and the 2021 Board of Review date and time. For questions about your property assessment, please contact Assessor Jim Henke at 262-498-7473.

Recent Development Activity

Building permits were issued for these projects since October 1, 2019:

- 2211 North Raynor Avenue - Detached garage
- 2916 North Sylvania Avenue - Parking lot extension
- 18917 52nd Road - Residential renovation
- 18917 Spring Street (CTH C) - Cell tower modification
- 16519 Washington Avenue (STH 20) - Relocate existing building
- 2626 North Sylvania Avenue - Temporary structure
- 1617 Yorkville Meadows Court - Single-family home
- 2338 Thoreau Court - Single-family home
- 2505 65th Drive - Pole barn
- 19605 Durand Avenue (STH 11) - Pole barn
- 2305 Thoreau Court - Pool
- 19912 Washington Avenue (STH 20) - Single-family home
- 15012 Kingston Way - Single-family home
- 14956 Kingston Way - Single-family home
- 1431 South Colony Avenue (USH 45) - Detached garage
- 2190 Princeton Avenue - Single-family home
- 1101 South Sylvania Avenue - Reroof
- 15941 Durand Avenue, Lot 82c (STH 11) - Manufactured home and shed
- 15941 Durand Avenue, Lot 20c (STH 11) - Manufactured home and shed
- 2910 Forest View Circle - Pool and deck
- 717 South Sylvania Avenue - Raze gas station canopy
- 14208 Marina Drive - Gazebo
- 15225 Washington Avenue (STH 20) - Pool
- 15017 Plank Road (CTH A) - Pool and basement remodel
- 15055 Plank Road (CTH A) - Sunroom, covered patio, and residential addition
- 2401 65th Drive - Pole barn
- 15941 Durand Avenue, Lot 15d (STH 11) - Shed
- 13916 Leetsbir Road - Commercial remodel
- 923/717 South Sylvania Avenue - Commercial remodel/reconstruction
- 18600 Walden Drive - Shed
- 2333 Thoreau Court - Single-family home
- 14324 Washington Avenue (STH 20) - Pool
- 16121 50th Road - Pole barn
- 2334 North Sylvania Avenue - Commercial addition
- 15820 50th Road - Pool
- 5231 57th Drive - Pole barn
- 1612 South Colony Avenue (USH 45) - Pool
- 18417 Spring Street (CTH C) - Pole barn
- 19428 Church Road - Garage
- 18621 Washington Avenue (STH 20) - Restroom renovation
- 14924 Kingston Way - Single-family home
- 1333 Grandview Parkway - Commercial build-out
- 2001 Grandview Parkway - Commercial facility
- 15941 Durand Avenue, Lot 35c (STH 11) - Manufactured home and shed
- 15941 Durand Avenue, Lot 46c (STH 11) - Manufactured home and shed
- 232 South Colony Avenue (USH 45) - Roof conversion and deck
- 18737 Walden Drive - Single-family home
- 14004 Evans Lane - Residential remodel
- 2800 Twin Waters Lane - Pool
- 1702 59th Drive - Pole barn
- 2000 Grandview Parkway - Parking lot/electrical charging facility
- 15618 Ives Grove Road - Detached garage
- 1221 67th Drive - Pole barn
- 1319 53rd Drive - Single-family home
- 18600 Walden Drive - Pool and deck
- 14314 58th Road - Commercial facility
- 14403 50th Road - Pole barn
- 15941 Durand Avenue, Lot 8c (STH 11) - Manufactured home and garage
- 2200 67th Drive - Attached garage

The Village Board and/or Plan Commission approved the following requests since November 1, 2019:

- 18917 Spring Street (CTH C) - Jon Erickson - Land disturbing construction activity permit
- 13815 Leetsbir Road - Gleason Redi-Mix, Inc. - Site plan
- 14003 Leetsbir Road - Gleason Redi-Mix, Inc. - Site plan
- 13900 Leetsbir Road - R&R Innovative Investments, Inc./Robert Gleason - Conditional use
- 2338 Thoreau Court - Nikolaus and Tricia Sendelbach - Shoreland contract
- 18324 Durand Avenue (STH 11) - Miller Real Estate, LLC - Conditional use extension
- 2334 North Sylvania Avenue - John Anderson - Site plan
- 14314 58th Road - Mark Sunday - Conditional use
- Four parcels located between 17900 Durand Avenue (STH 11), 17500 Durand Avenue (STH 11) and 17332 Durand Avenue (STH 11) - Racine County Board of Drainage Commissioners - Shoreland contract
- 232 South Colony Avenue (USH 45) - Karen Kristopeit - Land disturbing construction activity
- 2300 North Sylvania Avenue - In Auto, Inc. - Site plan
- 820 South Sylvania Avenue - Willkomm Development LLP - Conditional use
- 2300 North Sylvania Avenue - In Auto, Inc. - Site plan
- 19031 Spring Street (CTH C) - Andrew Baer/MABKG-PNB LLC - Land disturbing construction activity
- Two vacant parcels immediately to the west of 19411 Washington Avenue (STH 20) - Dan Oakes - Land disturbing construction activity
- Vacant parcel immediately to the north of 2431 Queens Brook Lane - Daniel Oakes - Land disturbing construction activity
- 14520 Braun Road - Village of Yorkville - Rezoning
- Three vacant parcels located on Grandview Parkway - Grandview HW III, LLC - Conditional use
- 2333 Thoreau Court - Steven and Dana Wright - Shoreland contract

Recent Development Activity (continued)

- 4514 Jack Pine Lane, 20911 White Ash Road, and 20917 White Ash Road - The Annex, LLC - Appeal of fire alarm system requirements
- 16010 Durand Avenue (STH 11) - Wisconsin Sportsman's Association, Inc. - Site plan
- 820 South Sylvania Avenue - Willkomm Development LLP - Site plan
- 14015 West Grandview Parkway - Grandview HW II, LLC - Site plan
- 18737 Walden Drive - Mark and Tara Kowalski - Shoreland contract
- 18600 Walden Drive - Troy and Courtney Mox - Shoreland contract
- 2505 65th Drive - Jay and Carey Volling - Class B weight restriction exemption renewal
- 820 South Sylvania Avenue - Willkomm Development LLP - Site plan
- 14015 West Grandview Parkway - Grandview HW II, LLC - Site plan amendment
- 14125 West Grandview Parkway - Grandview HW II, LLC - Site plan
- 15952 58th Road - Bruce and Vicki Funk Trust - Certified survey map

Planned Bridge Replacement Project

We plan to replace the 58th Road bridge over the West Branch of the Root River Canal in mid-2022 using bridge replacement funding from the Wisconsin Department of Transportation that will cover 80% of the replacement cost. Engineering, design and planning for this project will begin in 2021. 58th Road will be closed at this site for several months. Traffic can either detour using STH 11 or CTH C.

From the Office of the Building Inspector

Here are a few tips to follow when preparing your family for any emergency.

- Determine your risk. Identifying and understanding possible hazards and emergencies is the first step in preparing for natural disasters.
- Consider incorporating a safe room in building plans and improvements. A safe room is a hardened structure specifically designed to meet FEMA criteria and provide near-absolute protection in extreme weather events, including tornadoes and hurricanes.
- Develop a family disaster plan that includes a list of food and water supplies needed for each member of your family and supplies for your pets. Make copies of important documents like insurance policies, the deed to your home, and other personal papers, important phone numbers and a home inventory. Create a checklist of important things to do before, during and after a disaster.
- Review your evacuation route and emergency shelter locations with your family. Options for evacuation would include staying with friends and relatives, seeking commercial lodging, or staying in a mass care facility operated by disaster relief groups in conjunction with local authorities.
- Taking shelter is critical in times of disaster. Sheltering in place is appropriate when conditions require that you seek protection in your home, place of employment or other location where you are when disaster strikes.
- Review your plan regularly. If you make changes that affect the information in your disaster plan, update it immediately.
- Visit FEMA's [Preparesathon!](#) to learn more about how to prepare for earthquakes, floods, hurricanes, tornadoes, wildfires, and winter storms. Get involved to help prepare your family and community.

Village of Yorkville Notice of a Public Hearing on the 2021 Budget

NOTICE IS HEREBY GIVEN that on Monday, November 23, 2020, at 6:00 p.m., in the Community Room (1st Floor) at the Union Grove Municipal Center, 925 15th Avenue, Union Grove, Wisconsin, a PUBLIC HEARING on the PROPOSED 2021 BUDGET of the Village of Yorkville will be held. A detailed copy of the proposed 2021 budget is available for inspection at the Administrator/Clerk's office from 8:00 a.m. to 4:30 p.m., Monday through Friday. The following is a summary of the proposed 2021 budget:

General Fund	2020		2021		Percent Change
	Current Budget		Proposed Budget		
Revenues					
General Property Taxes	\$ 1,086,630.00		\$ 1,138,902.00		4.81%
Utility Payments in Lieu of Taxes	\$ 17,714.28		\$ 17,714.28		0.00%
Other Taxes	\$ 79,002.40		\$ 103,644.20		31.19%

* Property Tax Increment

Current Village Indebtedness - Stormwater Fund - Total of \$55,096.21 in principal at 2.75% interest due for the canal maintenance project. Final payment to be made in 2022.

Dated November 6, 2020

Michael McKinney
Administrator/Clerk

Union Grove-Yorkville Fire Department Update

At the writing of this letter, we are amid another Covid-19 spike. I was hoping by this time we might have gotten back to some sense of normalcy. This year has been challenging for everyone - virtual learning, working from home, and other changes that seem to come daily dealing with a pandemic.

This year has also been very challenging for the Fire Department. We have had to change how we operate. We now have virtual meetings and trainings, closed the station to family and non-essential personnel, take our members' temperatures and monitor their health for any changes. EMS calls are handled with minimal personnel to limit any unnecessary exposure. Everyone wears masks, including all patients. We have been fortunate to purchase extra equipment so we can properly disinfect our rigs, equipment, and fire station.

It has been very tough for our membership. Volunteerism is at an all-time low for our department and on a nationwide scale. Call volumes are increasing, and time is becoming more valuable. We had to implement hourly paid daytime staffing, Monday thru Friday, for eight-hour periods to ensure we can get an ambulance out the door in order to help our residents in need. Most of our personnel work at their normal jobs during that time. We have tried to recruit as much as possible by working with the high school and Gateway Technical College to increase our membership, but with little success.

Our membership takes great pride in the services we provide to our communities. We are the only volunteer department in the State of Wisconsin providing paramedic-level services. This is the highest level of EMS service that can be provided. We are working with Union Grove and Yorkville to plan what the future will bring, and possible options as to how to maintain the level of service we currently provide. This also involves you, the citizens. We want to keep you engaged and informed with the happenings of the Fire Department. Soon, we will be asking you what your expectations are of the Fire Department so we can understand and provide what our citizens want and expect. This will allow us to better plan for the future.

Remember to stay safe. Wear your mask, wash your hands frequently and maintain social distancing guidelines. I hope you and your families have a safe and happy holiday season! If you know of anyone who would be interested in joining the department, please check our website.

Sincerely,
Chief Tim Allen

Safe Sleep for Babies

Every year, infants die from Sudden Infant Death Syndrome (SIDS) and other sleep-related causes of infant death. Sleep-related causes of infant death are linked to how or where the infant sleeps. Caregivers and parents can practice safe sleep today! By following a few simple tips, you can create a safer sleeping environment for your baby.

- **Infants should sleep on their back for every sleep and nap until one year old.** Parents sometimes worry about their child choking if they are on their back. However, sleeping on their back does not increase the risk of choking because an infant's airway anatomy is designed to protect against this. If they spit up, the child will swallow it, not breath it in.
- **Use a firm sleep surface.** Babies should be asleep on a firm sleeping surface such as a crib mattress, bassinet or pack n' play with a fitted sheet. Car seats, slings or swings are not good places for routine sleep because the baby could move to a position that can make it difficult to breathe.
- **Share a room, not a bed.** Have your child's sleep area in the same room and sleeping on a separate surface. Remember to return your infant back to their crib when you are ready to go to sleep.
- **Remember the ABC's of safe sleep.** **A**, babies should be alone in their crib. **B**, always put babies to sleep on their backs. **C**, put to sleep in a crib with a firm surface and free of loose or soft materials, such as blankets, bumpers and toys.

Talking Winter with the Fire Department

Catchy intro but loaded with things for you to consider and/or do as you enjoy Wisconsin winter.

As we adjusted for daylight savings time, we need to replace batteries in the smoke and carbon monoxide alarms and schedule a monthly testing (a good assignment for a grade schooler, if you have one). Always a grim statistic - 3 out of 5 home fire deaths occur where no smoke alarm was in place. For your carbon monoxide detector, remember to keep gas water heater, dryer and furnace vents clear of snow.

Frequent communication with your children on fire safety issues is critical. As good as our fire prevention program is, parents must not only reinforce what is taught, but put it into practice with a meeting place, how to dial 911, and good practices such as not playing with matches, etc.

A family emergency kit needs to include a home kit and a car kit. Both emergency kits need potential items such as one gallon of water per person, a three-day food supply, flashlight and extra batteries, first aid kit, duct tape, plastic sheeting and medicines. A further list of items can be found on our website, www.ugyfd.com, in our 'Public Safety' tab. Be sure to check the batteries in the flashlight. Consider how you would shelter in place, where you meet, not just for a fire but in an emergency like flooding. Do you have a getaway plan for an extended need to leave? Check your home fire extinguishers.

Take your expired meds to the local drop box or dispose of on a collection day. Remember your children and don't leave containers around that should be stored away from curious youngsters.

On to winter! Put your gloves on, or even better, mittens. Simply keeping your hands in your pockets increases the risk of falling or losing your balance which may cause you to slip on ice or snow. Bundle in layers of loose clothing. Cover your ears with a warm hat. Wear socks that will keep your feet warm and dry.

Avoid caffeine and nicotine before shoveling. They increase your heart rate and may cause your blood vessels to constrict. Shoveling can put a strain on your heart and this could be quite serious if someone has heart disease. Do warm up exercises, particularly stretching before you shovel.

Frostbite is the most common injury from exposure to severe cold. If you suspect hypothermia (body temp below 95°), call 911. Get indoors immediately, remove jewelry and constrictive and/or wet clothing, elevate the affected area, add blankets around the affected, and keep them horizontal.

Seniors are more susceptible to cold weather so consider relatives or neighbors. Keep the furnace running; a minimum temp of 68° is recommended.

Finally, remember the holidays. Don't overuse extension cords. Consider electric candles. Keep fresh trees sufficiently watered. Turn off holiday lights when you leave or go to bed. Discard frayed, cracked or loose connections in light strings. Be careful on the ladder inside and out.

With all that said, please enjoy your holidays and be safe. Remember, we are always looking for new members and call 911 in an emergency.

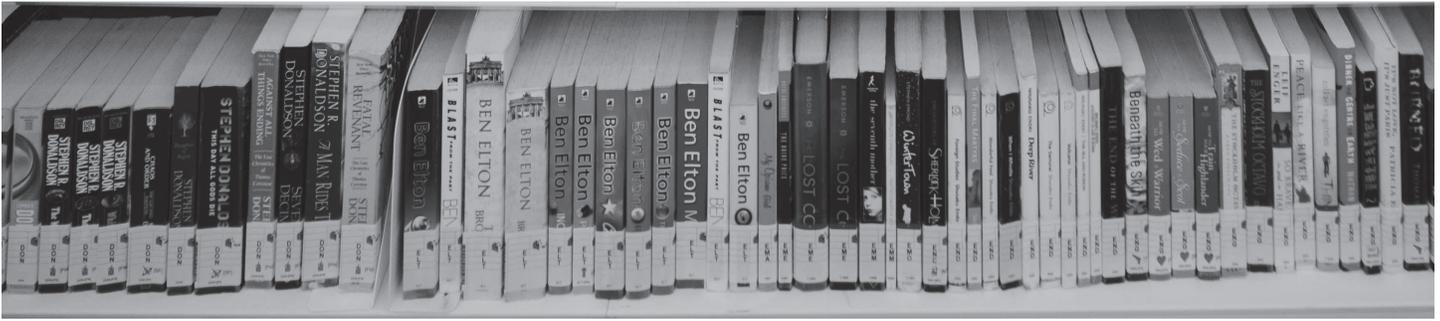

Carbon Monoxide

Servicing and maintaining gas appliances like HVAC equipment and water heaters is important.

Carbon monoxide is harmful when inhaled because it displaces oxygen in the blood and deprives the heart, brain, and other vital organs of oxygen. Large amounts of carbon monoxide can overcome you in minutes without warning — causing you to lose consciousness and suffocate.

This can happen within 2 hours if there is a lot of carbon monoxide in the air. Long-term exposure to low levels of carbon monoxide can also lead to neurological symptoms, such as difficulty thinking or concentrating.

Most people who develop mild carbon monoxide poisoning recover quickly when moved into fresh air. Moderate or severe carbon monoxide poisoning causes impaired judgment, confusion, unconsciousness, seizures, chest pain, shortness of breath, low blood pressure, and coma.

Graham Public Library

1215 Main Street, Union Grove

uniongrovelibrary@uniongrove.lib.wi.us

Find us on Facebook or on our website www.uniongrove.lib.wi.us

We're open:

- Monday – Thursday 9:00 a.m. – 7:00 p.m.
- Friday 9:00 a.m. – 5:00 p.m.
- Saturday 9:00 a.m. - 1 p.m.

We are so grateful for your support throughout this difficult year. To show our thanks, during the month of November, we will be holding a prize drawing. When you check out 5 or more items in one transaction, you may enter for your chance to win a gift certificate to a local restaurant.

Are you interested in Union Grove history? Each week we post "Take a Look Back" on our Facebook page. The posts feature pictures from our history files and scrapbooks we house in our special local history collection. Stop by to see more--the collection is available to browse.

Programming for Children

For the safety of the community, children's programs have moved online.

On Tuesdays, a new Preschool Story Time will be posted on our Facebook page. On Wednesdays, a Homeschool STEAM activity will be posted.

Make-at-Home Crafts. Each week we feature a fun, seasonal craft! Pick up a kit in the children's area, while supplies last.

Graham Public Library will be closed:

- Thanksgiving – Thursday, November 26
- Christmas – December 24-27
- New Year's – December 31-January 3

Books and AV material may be returned in the book drop at the front door.

#9PMRoutine

The Racine County Sheriff's Office as well as numerous other law enforcement agencies throughout southeastern Wisconsin have seen an increased occurrence of vehicle thefts and thefts of valuables from unlocked vehicles. We are partnering with surrounding agencies to aggressively pursue these investigations.

Sheriff Schmalig said, "Please consider doing a #9PMRoutine which entails locking all vehicles and doors, turning on exterior lights and security systems, and removing valuables from your vehicle and yard. It is also important report all suspicious activity in your neighborhood to law enforcement immediately."

#9PMRoutine

LOCK UP

your car, house, windows,
garage, gate, shed

TURN ON

exterior lights, security
camera, alarm system

BRING IN

valuables from your car
yard, patio

Village of Yorkville

Holiday Food Safety

Many of us get together with friends and family for holiday events, and food is a big part of these gatherings. CRCHD would like to offer some food safety tips to help avoid food-related illnesses that will spoil the festive atmosphere.

- Remember to clean your hands with soap and warm water before handling the food, after handling the food, and before eating the food.
- Clean surfaces before and after preparing food on them.
- Separate raw meats and seafood from ready-to-eat foods.
- Do not eat raw cookie dough or batter. If your dish contains raw eggs, be sure they are pasteurized.
- After cooking, keep hot food hot and cold food cold. Bacteria can grow rapidly at room temperature. Refrigerate or freeze any perishable food within 2 hours.
- Use a food thermometer to make sure foods are cooked to a safe internal temperature.

Internal Temperatures:

- Poultry - 165°F
- Seafood - 145°F
- Roasts/Steaks/Chops - 145°F
- Ground beef/Sausages - 155°F
- Hold all hot food at 135°F
