(b) **Requirements of bidder.** As a condition of performing work on a public construction contract for the Village of Yorkville, a contractor shall first be prequalified by the Village in accordance with the provisions of this section. All contractors for public construction projects are required to submit a full and complete statement, in the form of a questionnaire approved by the Village Board, sworn to before an officer authorized by law to administer oaths, attesting to the competency and responsibility of a bidder to complete public construction projects. The statement shall include evidence of the following:

- (5) The contractor has general liability, workers' compensation, and automobile and unemployment insurance.
- (6) The contractor has complied with all provisions of any prevailing wage laws and federal Davis-Bacon related acts, and the rules and regulations therein, for projects undertaken by the contractor that are covered by these laws, for the past 10 years.
- (7) The contractor has adequate financial resources to complete the public construction project, as well as all other work the bidder is presently under contract to complete.
- (8) The contractor has adequate equipment to complete the public construction project.

- (16) The contractor has a record of satisfactorily completing projects of similar size and complexity within the last 10 years. The criteria which will be considered in determining satisfactory completion of projects of similar size may include, but are not limited to:
 - (i) Completion of contracts in accordance with drawings and specifications.

 - (iii) Fulfilled guarantee requirements of the contract documents.

- (18) The Village reserves the right to require additional qualifications for any specific public construction project. When so required, the advertisement for bids and bidding documents will state this requirement.
- (c) **Prequalification determination and term.** The statement under Sec. 2-2 (b) shall be in writing and filed with the Village Clerk, who shall direct it to the appropriate department head for a written determination as to whether the contractor is prequalified to submit bids and perform work on a public construction contract. Contractors are urged to apply for a prequalification determination well in advance of bidding on any particular Village public construction contract as the award of contract and notice to proceed to the lowest responsible bidder will not be delayed while a contractor pursues review of a determination that it is not qualified pursuant to Subsection F(2) below. Once a contractor is determined to be prequalified, that determination shall remain valid for a period of two years.
- (d) **Confidentiality.** The statement shall be confidential unless otherwise authorized by the contractor or by use of the contractor or Village in actions against each other.
- (e) **No restriction on discretion.** If information other than what was disclosed by the contractor in Sec. 2-2 (b) is discovered by the Village, its officials, or employees responsible for awarding or making recommendations as to the public construction projects, and such information calls into question the contractor's abilities or competence to faithfully and responsibly comply with the terms of a public works contract, that information shall be considered in determining whether the contractor is a responsible bidder.

(f) **Evaluation of a bidder's responsibility.**

- (1) The appropriate department head shall review the information provided in the bid and the qualification statement under Sec. 2-2 (b) to determine if the low bidder is responsible to perform the work. At the request of the department head, the bidder shall provide additional information verifying their responsibility.
- (2) If the department head determines that a contractor is not a responsible bidder, that bidder shall be notified, in writing, of the department head's determination, the reasons supporting the decision, and of the contractor's right to seek a review of the determination pursuant to Chapter 2, Article VII pertaining to the review of administrative determinations.

(g) **Renewal and disclosure.** It shall be the obligation of the contractor to timely renew its prequalification and to report information regarding any material changes to its business or operations that are relevant to its prequalification submittal, including information that would affect its ability to make the certifications required by this section. Any such information must be reported within 30 days of the contractor's knowledge of the information. Failure to report information under this subsection may result in suspension or revocation of the contractor's prequalification and other sanctions available under applicable law.

Secs. 2-3—2-30. Reserved.”

2. That this ordinance shall become effective upon adoption and publication as provided by law.
