4. **Binding Effect.** These conditions bind and are applicable to the Property Owner, Applicant, and agents of the Property Owner (collectively referred to herein as "Applicant" or "Property Owner") with respect to the uses on the Property.
5. **Expiration.** This approval will expire nine (9) months from the date of the Village of Yorkville's final approval unless substantial work has commenced following such grant. If this office determines that no substantial work has commenced, the project may not occur unless the Village of Yorkville grants a written extension. Written extension requests must be submitted to the Racine County Development Services Office thirty (30) days before permit/approval expiration.
6. **Plans.** The proposed project shall be located, constructed, and utilized in accordance with the plans and documents received by the Racine County Development Services Office on June 24, 2022, unless otherwise amended herein.
7. **Stormwater/Grading Plan.** The property owner or designated agent must contact the Village of Yorkville regarding stormwater/grading regulations in relation to any site work for the parking areas. Compliance with all regulations and requirements, as determined by the Village or Yorkville is required.
8. **Construction.** During construction, this site must have graveled roads, access drives, and/or parking areas of sufficient width and length to prevent sediment from being tracked onto public or private roadways. Any sediment reaching a public or private road must be removed by street cleaning (not flushing) before the end of each workday or as determined by the jurisdictional highway authority.
9. **Drain Tiles.** Do not break or damage any underground tile. If encountered, any underground agricultural tile line must be rerouted or fixed. If any underground tile is encountered that has anything but clean water flowing through it, contact Racine County Development Services at (262) 886-8440 to investigate.

10. **Performance Standards.** The applicant must comply with the provisions of Article VII, Division 4, Performance Standards of Chapter 20, Zoning, Racine County Code of Ordinances, as applicable to the Village of Yorkville.
11. **Loading Requirements.** Adequate loading areas shall be provided so that all vehicles loading, maneuvering or unloading are completely off the public ways and so that all vehicles need not back onto any public way. 12. **Operation Requirements.** The operation shall not locate, store, discharge, or permit the discharge of any treated, untreated, or inadequately treated liquid, gaseous, or solid materials of such nature, quantity, obnoxiousness, toxicity, or temperature that might run off, seep, percolate, or wash or be harmful to human, animal, plant or aquatic life.
