August 12, 2024, Conditional Use request to store two (2) dump trucks within an existing pole barn.

**DATE:** August 1, 2024

Overview:

The subject ±4.96-acre lot is proposed to be zoned A-2, General Farming and Residential District II. The subject property is serviced by a Private Onsite Wastewater Treatment System and private well. The subject property has an existing single-family residence and an accessory structure (pole barn). At this time, the applicant is requesting conditional use approval from the Village of Yorkville Board to store two (2) dump trucks within an existing pole barn. The trucks will operate between the hours of 6:30am and 7:30pm. Section 20-1226(6) of the Racine County Code of Ordinances, as applicable to the Village of Yorkville states that two (2) commercial vehicle units may be stored on an A-2 zoned property with conditional use approval if the vehicles are stored within a completely enclosed structure.

If the Village feels that the proposed use is appropriate approval is recommended as:

1. Based on other things going on in the area, the proposed use appears to fit with the uses in the zoning district.
2. The storage of two (2) dump trucks within a completely enclosed structure is allowed by underlying zoning through the conditional use process.

If the Village feels that the proposed use is appropriate approval is recommended subject to **\*\*DRAFT CONDITIONS\*\***:

1. **Zoning Permit.** The applicant must obtain a zoning permit from the Racine County Development Services Office after paying a zoning permit fee of \$250.00. This card must be displayed in a prominent location at the project site, and a copy of these conditions must be kept at the project site at all times until the project has been completed.
2. **Expiration.** This approval will expire nine (9) months from the date of the Village of Yorkville's final approval unless substantial work has commenced following such grant. If this office determines that no substantial work has commenced, the project may not occur unless the Village of Yorkville grants a written extension. Written extension requests must be submitted to the Racine County Development Services Office thirty (30) days before permit/approval expiration.
3. **Substantiated Complaints.** The Village of Yorkville reserves the right to require the owner to appear before the Board to address substantiated complaints involving this operation. The Board may direct the owner to implement possible corrective measures to address the complaints. The Conditional Use Permit could be subject to revocation proceedings if substantiated complaints are not addressed by corrective measures.
4. **Private Onsite Wastewater Treatment System.** Prior to the issuance of a zoning permit, sanitary approval must be obtained from the Racine County Development Services Department. Please contact their office at (262) 886-8440.
5. **Vehicle Storage.** Both dump trucks must be stored within the pole barn.
6. **Loading Requirements.** Adequate loading areas shall be provided so that all vehicles loading, maneuvering, or unloading are completely off the public ways and so that all vehicles need not back onto any public way. 7. **Operation Requirements.** The operation shall not locate, store, discharge, or permit the discharge of any treated, untreated, or inadequately treated liquid, gaseous, or solid materials of such nature, quantity, obnoxiousness, toxicity, or temperature that might run off, seep, percolate, or wash or be harmful to human, animal, plant, or aquatic life. Any oil or other hazardous fluids must be stored in a designated containment area that complies with all Wisconsin Department of Natural Resources (WI-DNR) regulations.
8. **Dust Control.** The applicant must take measures to control all dust on the site, by using watering or other palliative means to keep dust at the absolute minimum.

The building inspector may issue a stop work order if, in his/her opinion, construction cannot proceed any further without impeding the installation of the required fire alarm and/or sprinkler systems.

17. **Access.** The applicant must allow any Racine County or Village employee full and unlimited access to the project site at a reasonable time to investigate the project's construction, operation, or maintenance.
18. **Compliance with Law.** The applicant is responsible for obtaining all necessary federal, state, and local permits, approvals, and licenses. The applicant is required to comply with all applicable local, state, and federal regulations.
