EXHIBIT A - CONDITIONS

Jon and Kay Erickson, Owner

Veracity Land Use Development Services/DISH Wireless/Michael Clust, Applicant/Agent

1. **Zoning Permit.** The applicant must obtain a zoning permit from the Racine County Development Services Office after paying a zoning permit fee of \$500.00. This card must be displayed in a prominent location at the project site, and a copy of these conditions must be kept at the project site at all times until the project has been completed.
2. **Removal Bond.** The removal bond shall be current, prior to the issuance of the permit, a performance bond in the amount of \$20,000.00 to guarantee that the tower and all supporting equipment, buildings and foundations will be removed when no longer in operation. The Village of Yorkville must be named as obligee in the bond, and it must approve the bonding company. The face of the bond must reflect that the Village of Yorkville will be given notice if the bonding company cancels the bond. If, prior to the removal of the tower, tower removal rates exceed \$20,000.00, the Village of Yorkville Board reserves the right to require corresponding increase in the bond amount.
3. **Compliance.** Failure to comply with the terms and conditions stated herein could result in the issuance of citation(s) and/or revocation of this permit. Upon written inquiry by the Village of Yorkville Board, the permit holder shall have the burden of presenting credible evidence establishing to a reasonable degree of certainty the continued compliance with all conditions placed upon the conditional use permit. Failure to establish compliance with all conditions placed upon the conditional use will be grounds for revocation of the permit.
4. **Binding Effect.** These conditions bind and are applicable to the Property Owner, Applicant, and agents of the Property Owner (collectively referred to herein as "Applicant" or "Property Owner") with respect to the uses on the Property.
5. **Expiration.** This approval will expire nine (9) months from the date of the Village of Yorkville's final approval unless substantial work has commenced following such grant. If this office determines that no substantial work has commenced, the project may not occur unless the Village of Yorkville grants a written extension. Written extension requests must be submitted to the Racine County Development Services Office thirty (30) days before permit/approval expiration.
6. **Plans.** The proposed project shall be located, constructed, and utilized in accordance with the plans and documents received by the Racine County Development Services Office on February 14, 2022, unless otherwise amended herein.
7. **Continuous Operation and Abandoned Status.** Mobile Service Support Structure (MSSS) and facilities not in operation for a continuous period of twelve (12) months shall be considered abandoned. In such circumstances, the owner of the MSSS and facility of the property where the structure and facility are located must remove the support structure and all supporting equipment, buildings, and foundations to a depth of five (5) feet and must restore the location to its natural condition (except any grading may remain in the after-condition as determined by the zoning administrator) within ninety (90) days of receipt of notice from Racine County. If removal and restoration to the satisfaction of Racine County does not occur within the said ninety (90) days, Racine County may remove, and salvage said MSSS and facility and restore the site at the expense of the mobile service provider or property owner.

8. **Performance Standards.** The applicant must comply with the provisions of Article VII, Division 4, Performance Standards of Chapter 20, Zoning, Racine County Code of Ordinances, as applicable to the Village of Yorkville (copy attached).
9. **Loading Requirements.** Adequate loading areas shall be provided so that all vehicles loading, maneuvering, or unloading are completely off the public ways and so that all vehicles need not back onto any public way. Reference Section 20-1087, Chapter 20, Zoning, Racine County Code of Ordinances, as applicable to the Village of Yorkville.
10. **Operation Requirements.** The operation shall not locate, store, discharge, or permit the discharge of any treated, untreated, or inadequately treated liquid, gaseous, or solid materials of such nature, quantity, obnoxiousness, toxicity, or temperature that might run off, seep, percolate, or wash or be harmful to human, animal, plant, or aquatic life. Any oil or other hazardous fluids must be stored in a designated containment area that complies with all Wisconsin Department of Natural Resources (WI-DNR) regulations.
11. **Exterior Lighting.** All exterior lighting must be arranged, oriented, or shielded in such a manner that direct radiation or glare from such source does not penetrate adjacent or nearby parcels or the public right-of-way. The source of such illumination must be arranged, oriented, or shielded in a manner that will not endanger the safety of pedestrian or vehicular traffic.
12. **Property Requirements.** This site must be kept neat and orderly at all times, with all refuse dumpsters out of view of passersby. All disposed items must be done in an environmentally safe manner. The continued positive appearance of buildings and property is dependent upon proper maintenance attitudes and procedures. Maintenance programs must be established that include watering, maintaining, and pruning all landscape planting areas; cleaning up litter and emptying trash containers in a timely fashion; sweeping, cleaning, and repairing paved surfaces; replacing broken and vandalized parts; replacing burned out light bulbs; and cleaning, painting, and repairing windows and building facade.
13. **Signs.** Any advertising sign on this property must conform to the Racine County Ordinance standards, as applicable to the Village of Yorkville, and will require a separate zoning permit(s) prior to installation.
14. **Fire Alarm and/or Sprinkler Plan Review.** If this approval is for an activity that requires fire alarm and/or sprinkler system plan review, written confirmation shall be provided to the Village Administrator/Clerk by Fire Safety Consultants, Inc. stating that the applicant and/or agent has submitted acceptable fire alarm and/or sprinkler system plans to Fire Safety Consultants, Inc. for review pursuant to Chapter 26 of the Village of Yorkville Municipal Code. No building or zoning permit shall be issued for this activity until such time as said confirmation is provided. For the purposes of this condition, the term "building permit" shall mean any permit including, but not limited to, site preparation, building, electrical, plumbing, HVAC, and erosion permits. The applicant must first obtain Fire Safety Consultants, Inc. fire alarm and/or sprinkler system plan approval prior to submitting those plans to the State of Wisconsin for state review. Failure to abide by any part of this condition shall not constitute a basis for an appeal to the Village Board of any sprinkler system and/or fire alarm requirements contained within Chapter 26 of the Village of Yorkville Municipal Code. The building inspector may issue a stop work order if, in his/her opinion, construction cannot proceed any further without impeding the installation of the required fire alarm and/or sprinkler systems.

15. **Access.** The applicant must allow any Racine County or Village employee full and unlimited access to the project site at a reasonable time to investigate the project's construction, operation, or maintenance.
16. **Compliance with Law.** The applicant is responsible for obtaining all necessary federal, state, and local permits, approvals, and licenses. The applicant is required to comply with all applicable local, state, and federal regulations.
17. **Amendments to Conditional Use Permit.** No additions, deletions, or changes may be made to the project, site plan, or these conditions without the Village of Yorkville's prior approval. All addition, deletion, and/or change requests must be submitted to the Village of Yorkville or the Racine County Development Services office in writing. A minor change to the conditions of this permit, as deemed by the Zoning Administrator, may be made at a staff level, if authorized by the Zoning Administrator.
18. **Reimburse Village Costs.** Applicant shall reimburse the Village for all costs incurred by the Village for review of this conditional use including but not limited to engineering, legal and planning review that occurred prior to permit issuance and during the implementation of the plans and construction of the improvements.
19. **Agreement.** Your acceptance of this conditional use approval/zoning permit and beginning the project means that you have read, understand, and agree to follow all conditions of this approval. Therefore, Jon and Kay Erickson, Michael Clust, Dish Wireless, their heirs, successors, and assigns are responsible for full compliance with the above conditions.
20. **Subsequent Owners.** It is the property owner's responsibility to inform any subsequent owner or operator of these conditions.
21. **Recording.** The Village shall have this Resolution recorded with the Racine County Register of Deeds at the applicant's expense.
