- 6) **Comments** _____

POWTS Inspector's Signature: _____ Date: _____

ZONING PERMIT REQUIREMENTS

A Plat of Survey shall be prepared by a Land Surveyor registered in Wisconsin illustrating new principal structure's location on lots less than five (5) acres in size. All zoning permit applications shall be accompanied by plans drawn to scale, showing the location, actual shape and dimensions of the lot to be built upon and any primary and accessory buildings, the lines within which the building shall be erected, altered or moved, the existing and/or intended use of each building or part of a building and the number of families and/or employees the building is intended to accommodate. Include floodplain, wetlands, environmental corridors, easements and such other information with regard to the lot and neighboring lots or buildings as may be necessary to determine and provide for ordinance enforcement. Adequate driveway access and off-street parking stalls must be provided in accordance with Sec. 20-1088, Racine County Code of Ordinances. In addition, if a private sewage system exists, the location of the tank(s), system and vent shall be shown on the plan with setback distances to the closest part of the proposed construction.

All dimensions shown relating to the location and size of the lot shall be based upon an actual survey. Lot area shall not contain road right-of-way. NOTE: All street yard, side yard, and rear yard setbacks shall be measured from the closest property lines. Shore yard setbacks shall be measured from the closest point of the ordinary highwater mark of a navigable body of water. All elevations shall be provided in mean sea level datum.

All zoning permits issued pursuant to this ordinance are valid for nine (9) months unless substantial construction has commenced and is continuing, otherwise such zoning permits shall become null and void and a new zoning permit is required. It is the responsibility of the applicant to secure all other necessary permits required by any federal, state or local agency. The issuance of a zoning permit is not a guaranty or warranty that the requirements have been met for other necessary permits, or that the site is otherwise suitable for construction.

NOTICE: YOU ARE RESPONSIBLE FOR COMPLYING WITH STATE AND FEDERAL LAWS CONCERNING CONSTRUCTION NEAR OR ON WETLANDS, LAKES, AND STREAMS. WETLANDS THAT ARE NOT ASSOCIATED WITH OPEN WATER CAN BE DIFFICULT TO IDENTIFY. FAILURE TO COMPLY MAY RESULT IN REMOVAL OR MODIFICATION OF CONSTRUCTION THAT VIOLATES THE LAW OR OTHER PENALTIES OR COSTS. FOR MORE INFORMATION, VISIT THE DEPARTMENT OF NATURAL RESOURCES WETLANDS IDENTIFICATION WEB PAGE OR CONTACT A DEPARTMENT OF NATURAL RESOURCES SERVICE CENTER. See DNR web site <http://dnr.wi.gov/wetlands/locating.html> for more information.

ADDITIONAL ZONING PERMIT STIPULATIONS (check all that apply)

- _____ Proposed structure is for owner residential use only and not to be used for human habitation or separate living quarters. No business, commercial or industrial use is allowed.
- _____ All disturbed soils must be reseeded and mulched or sodded immediately upon completion of project.
- _____ Must install the following within 14 days of completion of roof: gutters and downspouts which outlet onto splashblocks or into drain tiles; or a hard surface material that extends at least 16" beyond the dripline of the structure.
- _____ All excess soil not used for backfilling project must be removed from the shoreland area within 10 days of excavation.
- _____ A hard surface material must be placed beneath the deck to prevent soil erosion.
- _____ All existing yard grade elevations will remain unchanged.
- _____ Firmly anchor, no floor < _____'; Buoyant, flammable, explosive or injurious materials/utilities/electric & 1st floor ≥ _____'
