

IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER
E. coli Monitoring Requirements Not Met for YORKVILLE UTILITY DIST 1

We are required to monitor the well(s) supplying water to our system when routine compliance samples in the distribution system indicate a potential bacteria problem. Between 11/16/2023 and 11/22/2023, we did not collect and report results of E. coli tests in our well(s) in a timely manner to the Department of Natural Resources. Therefore, we cannot confirm that water from well(s) supplying the drinking water system were free from E. coli contamination during that time.

What precautions should be taken at this time?

There are no special precautions you need to take. If a situation arises where the water is not safe for human consumption, we will provide public notice within 24 hours.

What was the cause of the missed monitoring requirements?

The sample was missed by staff.

What is being done to correct the problem?

The staff has been retained on the matter.

When will the problem be resolved?

the problem was resolved on 11/24/2023

If you have questions regarding the safety of our drinking water, please contact:
