Village of Yorkville Administrator

**FROM:** Shaun T. Maiter  
Assistant Development Services Superintendent

**SUBJECT:** Hribar Land Management, LLC, Owner  
Tom Hribar, Applicant  
Parcel Id. # 194032103002000 & 194032103006000  
2221 Raymond Avenue

April 14, 2025, Conditional Use to construct a 9,999 square foot industrial building.

**DATE:** April 3, 2025

Overview:

The subject ±44.75-acre and ±162.3-acre parcels are located at 2221 Raymond Avenue and is serviced by holding tank(s) and private well(s). The portion of the property relevant for this conditional use permit is zoned M-3, Heavy Industrial District. On November 21, 2011, the Racine County Economic Development and Land Use Planning Committee approved a conditional use permit to utilize the above referenced property as a construction equipment truck terminal and repair facility, including limited crushing, temporary stockpiling of recycled materials & outside storage to occupy the site and existing buildings. On January 20, 2014, the Racine County Economic Development and Land Use Planning Committee approved a site plan review to allow Michels Corporation to occupy two buildings and portion of the M-3 zoned area with outside equipment storage. On June 20, 2016, the Racine County Economic Development and Land Use Planning Committee approved a conditional use permit to construct and utilize a gravel parking area for up to 107 trucks/trailers. At this time, the applicant is requesting conditional use approval for the construction of a 9,999 square foot industrial building. The proposed industrial building will be utilized for an existing trucking business and also for the proposed RivCrete batch plant, which is a separate conditional use submittal on this agenda. According to aerial photo data and tax parcel data displayed on the Racine County GIS Mapbook, the proposed industrial building does appear to transect a property line, and this will need to be rectified prior to issuance of a zoning permit. The two tax parcels will either need to be combined, or the proposed building will need to be relocated to be at least 20-feet from the lot line. For reference, the lot line shown on the Racine County GIS Mapbook is shown on the submitted site plan as North/South running dashed line towards the west end of the proposed building.

If the Village feels that the proposed use is appropriate approval is recommended as:

1. Based on other things going on in the area, the proposed use appears to fit with the uses in the zoning district.
2. The proposed use is allowed by underlying zoning through the conditional use process.

If the Village feels that the proposed use is appropriate approval is recommended subject to
